RE: AUTHORITY TO MONITOR SCHOOLS INFRASTRUCTURAL PROJECTS

Reference is made to your application dated 2<sup>nd</sup> September, 2011 over the above mentioned subject.

Authority to conduct monitoring school infrastructural projects in primary and secondary schools in Dagoretti and Kikuyu districts for one year is granted. You are required to ensure that you carry out the programme with utmost professionalism. You have to liaise with the offices of the Provincial Directors of Education and the District Education Officers before and during the exercise in all the areas you visit before you access the schools.

This programme should not interfere with the normal school routine.

A report on the exercise will be required as a feedback, containing details of all the schools monitored.

Dear Sir,

### **RE: PARTNERSHIP BETWEEN KACC AND IGI-K**

This is to acknowledge receipt of your letter of 11<sup>th</sup> July 2011 seeking a meeting to discuss areas of potential collaboration between the Commission and International Governance Institute (IGI). I have also studied your very good proposals.

On information sharing, I would like to encourage IGI and the Community Tax Payers' Assemblies who are your partners based in the provinces to file reports to the Commission on all incidents of corruption and economic crime. There are several ways through which these could be made and I have attached to this letter a booklet that provides a guideline on how to report. Unfortunately, the law limits the amount of information that the Commission can share on matters of corruption and economic crime.

The Commission would also welcome an opportunity to offer training to IGI and its partners in order to build their corruption prevention capacities. I highly encourage IGI and its partners collectively or individually to write to the Commission in order for us to consider these requests. In the same vein, please visit or send someone to our offices in order collect our publicity and anti-corruption materials for use with Kenyans in your outreach activities and programs.

The Commission spearheads the commemoration of the International Anti-Corruption Day on an annual basis and I would like to suggest that the proposed "Active Citizen of the Year" award be considered under that framework. The Commission therefore encourages IGI to register under the CBO pillar of the Kenya Integrity Forum (KIF). You can contact KIF on 27173198 or 310722 ext. 100.

Should you require further information on our programs and how we could best work together, please phone me or the Principal Officer - Education. We are most grateful for all the efforts you are making to advance good governance and integrity in Kenya.

Yours faithfully
